Short Course Ideal for practice & small groups

Don't miss your opportunity to schedule charity or corporate events at Big Red Oak. We have facilities to handle large or small groups.

Fall is the time for these shoots. Dates are filling up fast for October and November. Check with the office for available times and facilities.

The BRO staff can handle most needs and have partners who can provide additional decorations, food options, tents, etc.

HOLIDAY PHEASANT HUNT

This is a great opportunity before the holiday. Make it a parent/child event. Treat a client or friend. Add a bird to two to the Christmas meal.

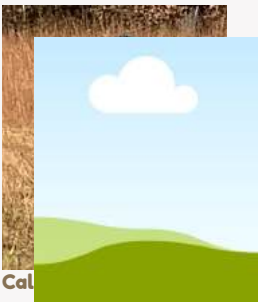

The introduction of the walking course near the parking area has been a big hit. This six station course can be used for an introduction for new shooters, a casual short shooting experience, a nice warm up before a round, or some dedicated practice.

No cart is required and it works off the same key system as the rest of the courses. Targets are manageable and there is something for everyone. Menus are up for a 50 bird round and score cards are available in the club house. This is a great opportunity for non shooters to watch and participate in the experience.

Just a reminder, anyone on the property must sign a release in the club house and eye and ear protection is required for everyone.
